

26th February 2021

Dear Parents & Carers,

As you may know, the government are opening all schools from March 8th. We have been open throughout and are keen to encourage all of you to continue attending or to return to nursery if you have been staying at home. Do call the nursery if you would like to discuss your child's return.

Please remember to keep yourself and your child at home if you have any of the COVID-19 symptoms and remember to socially distance when coming into nursery.

For your information we will be holding parent conferences virtually on Thursday April 1st 2021. Nursery will be closed on that day. This will be an opportunity for you to speak with your child's keyperson and discuss their progress and development. Your child's keyperson will arrange this directly with you.

Best wishes,

The Oliver Thomas team
